

OTHER SERVICES

Although LaVeZZi has achieved a reputation as a leader in the design and manufacture of sprockets, we are also a supplier of critical components to the Medical and Dental Industries.

Our specialty is the manufacture of multi-faceted parts with extremely tight tolerances.

Please use our expertise to help you turn your concepts into reality.

The LaVeZZi Tradition

Precision is more than a word at LaVeZZi. It exemplifies the level of work to which we are dedicated.

This standard of workmanship has made LaVeZZi a valued supplier to the medical, dental and aerospace industries where rigid adherence to specification is critical.

The people at LaVeZZi pride themselves on fulfilling the company philosophy — *“Quality above all else.”*

For more than 85 years, we’ve been building our future on it. Let us help build yours.
